

Dear Friends and Family of the Anaconda Church of Christ:

As you can see from the photo on the right, the church ladies were very, very busy recently, baking and decorating cookies. We decided to send 500 hand decorated cookies to the Job Corps again this year—just in time for Valentine's Day. All in all, five trays were delivered - loaded with frosting, hearts, red hots and love.

We hope your weather has been much warmer than ours! Weather and illness prevented our Ladies Class from meeting, but the ice is beginning to thaw a smidge and "the crud" seems to be passing. As you know, the ladies are studying about encouragement—and already planning the Fall Ladies Retreat at Yellowstone Bible Camp with the same theme.

More on Ladies Retreat—Bob Hughley and his helper, Danielle Granlund, hand made, yes...hand made! - over 100 pair of wooden knitting needles. Lorelei Hughley is going to teach knitting during the craft time at the retreat. We think everyone will join in just so they can have a pair of Bob and Danielle's unique needles.

Mike has been bringing us lessons on all of the names for God. Did you know that Psalm 23 includes at least six of these names? No wonder we all love that Psalm.

Our congregation continues to grow and thrive. We have several regular visitors that attend so often we no longer think of them as visitors. Please be praying that they will soon embrace the entire salvation story and live their lives fully for Christ.

Thanks to each and every one of you for your support—whether in prayer or financial—to make our work possible.

With much love—because of Him,

The Anaconda Family
